

FIRST TEN YEARS

- 1931 *In April*, plans were initiated for an Outing Club at Rutgers University by a group of faculty members and friends among the professional people of New Brunswick. *On May 5* there was a preliminary meeting and an organization committee was formed to secure permission from the Board of Trustees of Rutgers University to use the Canfield Estate at Dover, N. J. *On Oct. 11* the Lodge was formally opened. *On Oct. 19* the University Outing Club was permanently organized.
- 1931-32 Several trails were laid out through the wooded portion of the estate. Exterior and some of the interior of the Lodge were painted. Household furnishings acquired by gift and purchase. Outdoor fireplace constructed. Equipment for open air games obtained.
- 1932-33 Fireplace in living room reconstructed for use. Second outdoor fireplace begun and a low semicircular wall built.
- 1933-35 Additional trails blazed.
- 1935-36 Second outdoor fireplace completed, retaining wall raised two inches and benches constructed along the wall. Preliminary survey for trail map begun.
- 1936-37 Destruction of barn by hurricane. Conservatory demolished and the site terraced. Meetings increased to bimonthly in the fall and spring.
- 1938-39 Northern section of Blue Trail scouted. Number of hikes increased.
- 1939-40 Improvements to house and grounds. New log table at fireplace site. Interior painting.
- 1940-41 Lodge damaged by Kenvil explosion. Most of Blue Trail temporarily discontinued. Many outings were arranged to new areas. The News Letter appears. Gala tenth anniversary celebration at annual banquet.

TRAILS AND GROUNDS

With the Picatinny property still closed to us, there is no prospect of completing the Blue Trail in the near future.

The chairman has been in contact with the New York-New Jersey Trail Conference, and the major activity of the Trails Committee this year will be cooperation with that group in maintaining the splendid system of trails in the northern part of New Jersey and adjacent New York.

The cooperation of all members is solicited by the Trails Committee in clearing old trails and opening new ones. All who wish to work the trails should get in touch with the Trails Chairman, William Rieman, III.

THE LODGE

The Lodge is the headquarters of the Club; members are urged to avail themselves of its facilities to the fullest extent. In order to avoid confusion, members are requested to notify the Chairman of the Lodge Committee, Herbert J. Metzger, whenever they plan to use the Lodge over weekends or when planning other overnight visits. It is not intended to assign use of the Lodge to any one party; as many groups or persons can use the Lodge at any time as can be accommodated by the available facilities. The Lodge Committee is charged with caring for and improving the house and welcomes suggestions to this end. To facilitate the work, the following rules and regulations should be noted:

1. Keys may be purchased at twenty-five cents each from the Chairman of the Lodge Committee, or borrowed from him or the President.
2. Show your membership card to the caretaker, Mr. Drury, upon request.
3. Register in the guest book.
4. A member holding a key has full responsibility for the care and use of the Lodge and for seeing that things are left in good order.
5. Please observe the rules posted in the Lodge kitchen.
6. Use extreme caution with lamps, kerosene stove, and fires, and note location of fire extinguishers.
7. The pump in front of the house furnishes a tested and pure water supply.
8. There is a large supply of beds and mattresses. In addition there are pillows to accommodate ten persons. Overnight guests must furnish bedding.

MEMBERSHIP

The University Outing Club welcomes a healthy increase in membership derived from the administrative, teaching, and research staffs of Rutgers University and from the residents of New Brunswick and its environs who are not connected with the University. The membership of the Club from its inception has been a fortunate grouping of people, within and without the University, who are interested in outdoor activities, and the Membership Committee favors a continuation of this policy. Names of prospective members should be sent to the Secretary of the Club. For information concerning membership, method of application, and method of election, see Article II of the Constitution, and Article I and Article II, Section 7, of the By-Laws.

DIRECTORY

Honorary Members

The President and the Board of Trustees of Rutgers University; Charles P. Wilber, Director, New Jersey Department of Conservation and Development; A. S. Johnson, Comptroller of Rutgers University.

—Starkey

Food's the Thing

—Metzger

*The
North
wind
blows.*

—Starkey

*When leaves begin to color in the fall
And there's just a touch of chillness in the air;
When the snow is spread out smooth and soft
Leaving scant traces of roads or paths;
When the sun starts warming all out-doors
After weeks of pent up growing things;
When truly hot, the sun makes beaches glisten
And strikes in changing pattern on glades beneath
the trees;*

*Don't the weekends come too seldom
And don't you wish that for a time
You could just go and be away,
Maybe to some favorite spot along a stream
And think through puzzling thoughts,
Or just relax and muse on lots of things.
Don't you ever feel like that—or do you?*
